

Pandora-Gilboa Local Professional Development Committee Rubric for Group 3 and 4 Activities

# Of CEUs Awarded	Level of Collaboration	Time Frame	Implementation	Classroom Results
1-3 CEUs	Activity was done with no collaboration	Activity is accomplished in less than a month or encompasses fewer than 10-40 hours for the average individual	Activity may or may not be done in the classroom or work environment	Activity enhances a classroom strategy or work environment
4-6 CEUs	Activity is done alone or with some collaboration	Activity is accomplished in a month or more and/or encompasses approximately 40-70 hours for the average individual	Activity is done mostly in the classroom, but involves some outside time	Activity enhances and changes a classroom strategy or work environment
7-9 CEUs	Activity is done alone or with collaboration of several teachers	Activity is accomplished in a couple months and/or encompasses 70-100 hours for the average individual	Activity is done in the classroom, but involves much outside time	Activity changes the structure of your classroom or work environment
10-12 CEUs	Activity is done alone or with collaboration of the grade level	Activity is accomplished in half of a year and/or encompasses 100-130 hours for the average individual	The results of the activity influence the classroom, but most of the work is done outside the classroom	Activity changes the structure of the classroom and improves student learning or work environment
13-15 CEUs	Activity is done alone or with collaboration of the building	Activity is accomplished in $\frac{3}{4}$ of a year and/or encompasses 130-160 hours for the average individual	The results of the activity influence the classroom, but all of the work is done outside the classroom	Activity changes the structure of the classroom, improves student learning, and affects your role as a teacher
16-18 CEUs	Activity is done alone or with collaboration of the system	Activity spans the year and/or encompasses 160 or more hours for the average individual	The results of the activity influence the classroom, but all of the work is done outside the classroom	Activity results in dramatic changes in classroom students and teachers or work environment
